ATTENDEE INFORMATION

Overview:

Patient Safety, now a virtual event is the only congress within the region that integrates multiple disciplines relating to patient safety, healthcare epidemiology, public health, risk management and infection control and prevention

Sessions include:

- A new paradigm for pandemic preparedness – The Korean experience
- Panel discussion: The expedited role of high technology & AI in patient safety
- Challenges during & in a post-COVID environment from OR perspective
- Interactive Q&A: Population Health BC and AC: Before COVID & After COVID
- Lean management practices in CSSD
- Minimum requirements for Infection Prevention and Control (IPC): Where to start in settings with limited resources
- Quality, safety and accreditation in our changed world
- Case study: Every day is Patient Safety Day in the National Maternity Hospital (NMH)
- Blockchain technology for patient safety

Learning objectives

- Identify a strategy for identifying and managing clinical risk during a pandemic
- Compare traditional vs newer & faster approaches to monitoring, surveillance, tracking, cleaning and disinfection
- Evaluate the new innovations that have emerged within the healthcare space during the COVID crisis
- Define the role of advocacy in translating the patient experience during emergencies
- Evaluate hospital measures and their effect on controlling disease spread
- Assess your environmental disinfection measures against the newest standards
- Review best practice to maintain sterilisation of equipment during a crisis
- Determine the advantages of SS application in CSSD
- Discuss the role of leadership during a crisis
- Discuss the practice and ethical issues that arise from working in emergencies

Target audience

The CME sessions are directed to all physicians, including:

- Patient Safety Officers/Patient Safety Managers
- Managing Directors/ Department Managers
- Quality Risk Managers
- Infection Preventionists
- Infection Control Managers/Coordinators
- Infectious Disease Consultants
- CSSD (sterile service) Managers/Supervisors/ Technicians
- Nurses
- Infectious Disease Physicians

ACCREDITATION AND CME INFORMATION

Accreditation Statement

The Cleveland Clinic Foundation Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Cleveland Clinic Foundation Center for Continuing Education designates this live activity for a maximum of 29.25 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Participants claiming CME credit from this activity may submit the credit hours to the American Osteopathic Association for Category 2 credit.

Disclaimer

The information in this educational activity is provided for general medical education purposes only and is not meant to substitute for the independent medical judgment of a physician relative to diagnostic and treatment options of a specific patient's medical condition. The viewpoints expressed in this CME activity are those of the authors/faculty. They do not represent an endorsement by The Cleveland Clinic Foundation. In no events will The Cleveland Clinic Foundation be liable for any decision made or action taken in reliance upon the information provided through this CME activity.

Evaluation

Informa Markets, the organisers of Patient Safety – The COVID-19 Virtual Edition, are always striving to produce high quality and up to date medical conferences. We therefore appreciate all comments and feedback from our delegates, and we always ensure that we refer to them when producing the next year's programmes.

When you claim your CME online you will be given the opportunity to evaluate the conference in order to receive your *AMA PRA Category 1 Credits*[™] and certificate.

How to Obtain your CME Certificate

The evaluation and CME credit claiming will be available online approximately 10 business days after the event. An e-mail from Informa will be sent to you with instructions for claiming *AMA PRA Category 1 Credit(s)*[™], and you will have 60 days following the activity to claim credits.

Participants will need to be logged in to be able to claim CME credits. Please note that the email address used by participants to log into the event should be the same email address used for credit claiming.

Please feel free to email our registration team if you failed to receive the claiming instructions after 10 working days post event (LSRegistrationteam@informa.com)
